

Buddy Rogers

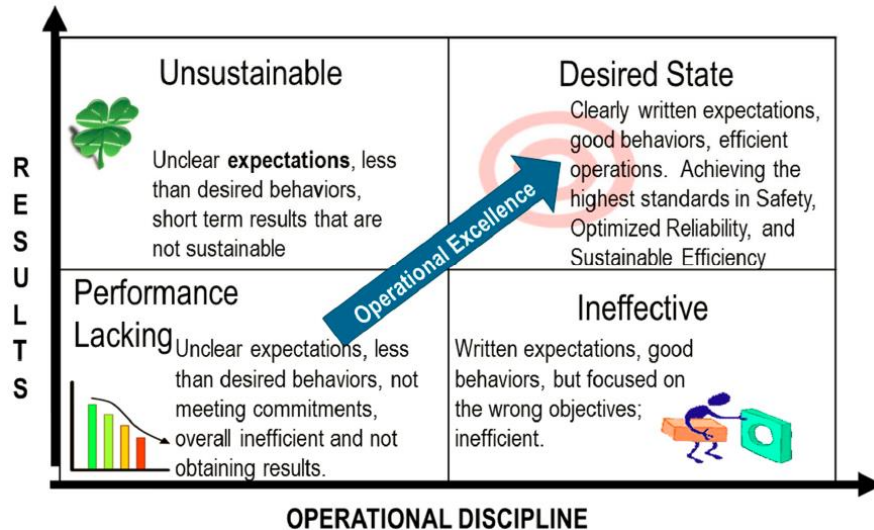

VP – Transmission Construction, Maintenance and Vegetation

Exceed stakeholder expectations by achieving the *highest* standards in safety, *optimized* reliability and *sustainable* efficiency.

Improved Discipline

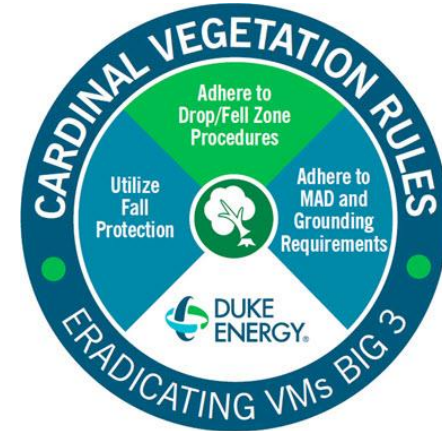

- CESR – Cardinal Electric Safety Rules
- CVR – Cardinal Vegetation Rules
- 0700 calls for incident sharing
- Daily safety calls regionally for GMs and Supervisors
- Quarterly Business Reviews
- Monthly contractor leadership calls
- Self-reporting and HP Tool Sharing
- Performance Metrics
- Island Hopping/Observations

Keys to Life

Stay focused. Stay safe.

- ✓ Driving Safely
- ✓ Personal Protective Equipment
- ✓ Work Zone Safety
- ✓ Electrical Safety (Grounding lines, MAD)
- ✓ Falls From Elevation
- ✓ Pre-job Briefings
- ✓ Falling Objects / Line of Fire
- ✓ Hostile Situations

- Safety focus on 3 incident types (Struck By, Falls from Aloft and Electrical Contact) that cause 90% of industry fatalities
- Fatality Prevention Strategy
- CVR Action Plans
- Leadership Accountability Model
- Aligns with CESR

No historical performance improvement matters beyond what you do today.....

Sustainability through

- Constant validation
- Looking for blind spots
- Fighting complacency
- Operational discipline
